

Best to grow with!

Highest Quality Products to Petfood

Best to grow with!

BTG Proteins has been an **experienced supplier** of raw materials for production of:
petfood,
fish feed,
feed for fur and farm animals.

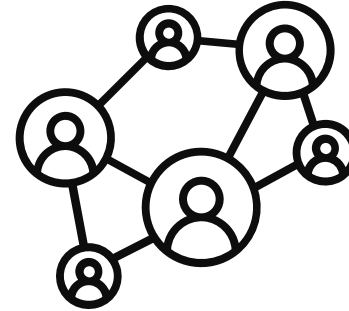

BTG Proteins supplies raw materials to companies involved in refining.

The company was established in 2005.

Best to grow with!

We are constantly growing.

We deliver our products to European and non-European markets, including USA and Asian market.

We source our products from European and non-European markets including New Zealand, Australia, India, South Africa, Chile, Peru.

Best to grow with!

Our trading partners are **manufacturing companies** from around the world. We form an experienced, multilingual team that is constantly developing to provide clients with comprehensive and **professional service** based on the latest nutritional trends.

We take part in important industry events, congresses, conferences, fairs, like IFFO, EFPR, Interzoo, Zoomark, Iberzoo.

Guaranteed product quality

The products we supply come from reliable suppliers and are tested in accredited laboratories.

Certifications

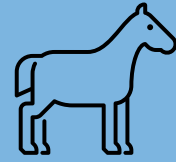

We care about the quality of delivered products by verifying and auditing suppliers. We have the GMP+ certificate.
